**COMPETITIVE ACCESS PROVIDERS
STATUS IN BELL SOUTH**

| STATE | CITY | VENDOR | STATUS |
|---------|--|--|--|
| ALABAMA | Birmingham | Metrex | Provides alternate access via fiber optic facilities constructed primarily on Alabama Power rights-of-way. The downtown distribution ring runs from Alabama Power HQ to Central Bank HQ. Another facility runs from Homewood to Inverness. According to IntelCom Group's (ICG) March 1994 prospectus, Metrex and ICG have entered into a conditional agreement for ICG to acquire 80% of Metrex. |
| | | Privecom | Provides some fiber connections, but no ring at this time. Dark fiber leased to Alabama Power Co. also provides some point-to-point connections for a local cable company. |
| | Birmingham Anniston Gadsden | Interstate FiberNet | A joint venture of ITC Holding of West Point, GA and SCANA Corp. of Columbia, SC access services to IXCs in Georgia and Alabama via a network based on SONET technology, utilizing excess capacity of the Alabama Power and Georgia Power fiber networks. |
| | Birmingham Huntsville Mobile Montgomery | American Communica- tion Svcs., Inc. (ACSI) | In late 1993 indicated plans to develop and operate fiber optic networks in midsize cities in the south. Of 63 potential target cities identified (41 within BellSouth), ACSI plans to be operational in five by July 1995 and in a total of 20 by 1996. |
| | Birmingham Huntsville Mobile | Intermedia | In late September 1993 announced plans to expand operations into Alabama and Georgia. Confirmed in March 1994 that that frame relay service was available. Number of customers is unknown. |

**COMPETITIVE ACCESS PROVIDERS
STATUS IN BELL SOUTH**

| STATE | CITY | VENDOR | STATUS |
|---------|--|---|---|
| FLORIDA | Boynton Beach/ Delray Beach | LOCATE | Provides high capacity digital micro-wave local distribution facilities for private networks and competitive access to IXCs. |
| | Ft Lauderdale | N H Lightnet | Approved by FPSC in October 1992 to provide alternate access vendor service. Construction unconfirmed. |
| | Ft Lauderdale Miami | MCI Metro/ ATS | Stated in February 1994 it would build fiber optic local networks in downtown business districts within two years. Within five years the local network will be expanded throughout Broward and Dade counties serving both residence and business customers. |
| | Ft Lauderdale Miami West Palm Bch. | Teleport (TCG America) | Signed letters of intent with 11 major CATV operators to establish joint ventures to build new local fiber networks. Confirmed in March 1994 that networks were operational. |
| | Gainesville | Alternative Communication Networks, Inc. (ACN) | Approved by FPSC in August 1992 to provide alternate access vendor service. Gainesville Regional Utilities' rights-of-way will be used for route construction. Status of construction is unknown. |
| | Jacksonville | Intermedia | Signed first customer for its network in November 1992, Corbel & Co. The network is approximately 55 miles in length and offers service to customers in downtown, Baymeadows and Southpoint areas. |
| | | AlterNet (Continental Fiber Technologies) | FPSC approved the Continental Cable-vision and Hyperion Telecom (June 1992) joint venture to provide alternate access vendor service. First Union Bank in Baymeadows is a customer. |

**COMPETITIVE ACCESS PROVIDERS
STATUS IN BELL SOUTH**

| STATE | CITY | VENDOR | STATUS |
|---------|--|---|--|
| FLORIDA | Jacksonville | Jacksonville Teleport | Approved by FPSC in October 1992 to provide alternate access vendor service. The network is operational. |
| | Melbourne | FiberCAP Inc. | Approved by FPSC in April 1993 to provide alternate access vendor service. The City of Melbourne's public streets and rights-of-way were used for construction. The network is operational. |
| | Miami | Intermedia | Service established October 1990. Service to multiple IXCs and large customer such as Ryder Truck and BWA. In mid-1993 network was expanded into the Miami financial district adding 30 major office buildings. |
| | | Metropolitan Fiber Systems | Originally certified as an IXC in December 1989. Certified as an alternate access vendor in March 1993. Network is under construction. |
| | Orlando | Intermedia | Provides service to multiple IXCs and large customers such as Sun Bank, General Mills and Disney Reservations. Completed fiber ring in downtown area connecting numerous buildings. Positioned to expand into area corporate parks. |
| | Ft Lauderdale Jacksonville Miami Orlando Pensacola West Palm Bch. | American Communication Svcs., Inc. (ACSI) | In late 1993 indicated plans to develop and operate fiber optic networks in midsize cities in the south. Of 63 potential target cities identified (41 within BellSouth), ACSI plans to be operational in five by July 1995 and in a total of 20 by 1996. |

**COMPETITIVE ACCESS PROVIDERS
STATUS IN BELL SOUTH**

| STATE | CITY | VENDOR | STATUS |
|---------|--|--|---|
| FLORIDA | South Florida (Dade and Broward counties) | TCI | <p>In January 1994 South Florida officials at TCI released a two year time line for TCI to begin offering local phone service in South Florida. Now the collapse of the Bell Atlantic/TCI merger will affect these plans is unknown.</p> <p>Other companies approved to operate as AAVs in Florida:</p> <ol style="list-style-type: none"> 1) Commercial Communications Systems 2) Time Warner 3) Comcast 4) Jones Lightwave 5) Digital Media Partners |
| GEORGIA | Atlanta | Metropolitan Fiber Systems | <p>The Atlanta network serves buildings in the downtown, midtown, Buckhead Perimeter Center areas. NPS purchased Metrex in May 1992. The network was constructed using Georgia Power rights-of-way and is 100% SONET-based.</p> |
| | | Jones Lightwave | <p>Connects MCI headquarters and POP. Stated in September 1993 that the 8 mile Norcross network will be expanded about 25 miles.</p> |
| | | MCI Metro/ATS | <p>ATS fiber ring in service downtown. Announced in January 1994 that construction had begun in Atlanta, the first of 20 metro markets selected for local fiber ring construction. Service will be expanded to the Buckhead and Norcross areas by May 1994.</p> |
| | | ATI (Access Telecommunications Interconnect) | <p>A subsidiary of Wometco Cable Corp., ATI began offering alternate access services during mid 1992 utilizing the excess capacity of its CATV network. ATI's fiber optic network is approximately 200 miles long.</p> |

**COMPETITIVE ACCESS PROVIDERS
STATUS IN BELL SOUTH**

| STATE | CITY | VENDOR | STATUS |
|----------|---|--|---|
| GEORGIA | Atlanta Newnan LaGrange Columbus | Interstate FiberNet | A joint venture of ITC Holding of West Point, GA and SCAMA Corp. of Columbia, SC access services to IXCs via a network based on SONET technology in Georgia and Alabama, utilizing excess capacity of the Alabama Power and Georgia Power fiber networks. |
| | Augusta | Jones Intercable | Providing alternate access services over its CATV network. |
| | Savannah | PalmettoNet, Inc. | Formed in 1985 by a consortium of independent telephone companies operating in South Carolina to provide interexchange access services. PalmettoNet operates over 700 total route miles of fiber optic facilities and serves all of the major IXCs. A network extension in 1989 brought PalmettoNet into Georgia and the Savannah area. |
| | Albany Athens Atlanta Augusta Macon Savannah | American Communica- tion Svcs., Inc. (ACSI) | In late 1993 indicated plans to develop and operate fiber optic networks in midsize cities in the south. Of 63 potential target cities identified (41 within BellSouth), ACSI plans to be operational in five by July 1995 and in a total of 20 by 1996. |
| | Unspecified | Intermedia | In late September 1993 announced plans to expand operations into Alabama and Georgia. |
| KENTUCKY | Louisville | IntelCom Group/ Mid-American Cable, Inc. (Kentucky Tel. Corp.) | Announced in February 1994 that IntelCom Group plans to purchase Mid-American Cable of Louisville. Mid-American currently serves about 12 high volume customers in the downtown area. IntelCom Group said it plans to expand the network with 31 miles of new fiber later in 1994. |

**COMPETITIVE ACCESS PROVIDERS
STATUS IN BELLSOUTH**

| STATE | CITY | VENDOR | STATUS |
|----------|------------------------|---|--|
| KENTUCKY | Louisville | Americall | Provides DS1 access for long distance customers. |
| | | American Communication Svcs., Inc. (ACSI) | In late 1993 indicated plans to develop and operate fiber optic networks in midsize cities in the south. Of 63 potential target cities identified (41 within BellSouth), ACSI plans to be operational in five by July 1995 and in a total of 20 by 1996. Construction of the Louisville network is planned to begin in March 1994, with initial service starting in June 1994. |
| | | Kentucky Fiberlink (MFS) | Filed application March 10, 1994 with the Kentucky Public Service Commission to construct and operate an intrastate point-to-point private line system. Corporate address and the corporate officer listed in tariff indicate that Kentucky Fiberlink is affiliated with MFS. |
| | | Louisville Lightwave | TKR Cable and Hyperion Telecommunications announced March 31, 1994 that they will be partners in a new company called Louisville Lightwave to link businesses to their long distance carriers. A 110 mile network of fiber optic cable linking downtown Louisville with southern and eastern Jefferson County is planned. |
| | Paducah/ Georgetown | LOCATE | Provides high capacity digital microwave local distribution facilities for private networks and competitive access to IXCs. Has limited number of customers. |
